Toni Hardesty, Director

**NOTICE OF EXTENSION OF PUBLIC COMMENT PERIOD AND REVISED
PUBLIC HEARING DATE REGARDING AN APPLICATION TO MODIFY A
PERMIT TO CONSTRUCT AND OPERATE AN AIR POLLUTION-EMITTING
SOURCE**

PROPOSED ACTION: Valley Paving & Asphalt Inc., McCall, Idaho has applied to the Department of Environmental Quality (DEQ) to modify its permit to construct and operate a portable air pollution-emitting source located initially at Boydstun Street, approximately one mile west of the junction of Hwy 55 and Deinhard Lane, Idaho. DEQ has determined that construction and operation according to the proposed modified permit will not cause or significantly contribute to a violation of any ambient air quality standard and will not injure or unreasonably affect human, animal life or vegetation. DEQ has reviewed the application and completed an analysis of the information submitted by the applicant who has applied to allow the use of used oil as a fuel, and increase production from 200 to 300 tons per hour when necessary in their portable hot-mix asphalt plant. This change will not increase their annual hours of operation, nor will it increase the amount of asphalt produced annually. Based on this analysis, DEQ proposes to issue the modified permit to construct to Valley Paving & Asphalt Inc., McCall.

PUBLIC COMMENT PERIOD: Notice is given that the DEQ has at the request of the public, extended the period to receive public comments under Docket No. AQ - 0624 concerning the air quality aspects of the project application and the proposed modified permit in accordance with IDAPA 58.01.01.209. A package containing the information submitted by the applicant, DEQ's analysis, and the proposed modified permit is available for public review at the following locations:

DEQ State Office
1410 N. Hilton
Boise, Idaho

DEQ Regional Office
1445 N. Orchard
Boise, Idaho

McCall Public Library
218 Park Street
McCall, Idaho

Anyone may submit written comment regarding the project and proposed modified permit. To be most effective, comments should address air quality considerations and include supporting materials where available. Comments, requests, and questions regarding the public comment process should be directed to Joan Lechtenberg, Department of Environmental Quality, 1410 N. Hilton, Boise, Idaho 83706-1255; joan.lechtenberg@deq.idaho.gov; or (208) 373-0234. Please reference the company name and docket number when sending comments or requesting information.

PUBLIC HEARING SCHEDULE: The public hearing is rescheduled for January 11th, from 6 p.m. until 8 p.m. MST at the McCall Golf Club located at 1001 Ready Lane in McCall, Idaho.

The selected meeting site is accessible to the physically disabled. Interpreters can be provided upon five days notice for persons with hearing impairments. For arrangements, contact the undersigned at (208) 373-0234. Braille or taped transcripts can be provided after the meeting for persons with visual impairments. For technical assistance on questions concerning this project or the permitting process, please contact Bill Rogers at (208) 373-0502.

All written comment and data concerning this proposal must be directed to and received by the undersigned on or before 5 p.m. MST, January 12, 2007.

DATED this 7th day of December, 2006.

Joan Lechtenberg
Air Quality Division
